

The 2014 DA World Service Conference was enlightening as a seasoned DA member of four world service conferences. WSC is described as constant DA meetings on steroids and very intense on the amount of information and resources that come your way. It was an honor to vote on our DA 12 steps book and gain knowledge of conference messages.

As the GSR for Friday, Business Debtors Anonymous meeting, it was exciting to refresh my memory of the many facets of the World Service level from the beginning to the end. Learning the operational process of how literature gets approved and ready for print.

Of course I joined the BDA committee where the focus was on Business development along spiritual lines. There are 17 members on the committee. To be more effective of our time, we broke into four sub groups: 1) Accountability 2) Pamphlets 3) Taking our pulse 4) Vocations/Visions

Assigned Sub-committee - Pamphlet

- Worked on three types of pamphlets
 1. Spiritual business plan
 2. Spiritual marketing
 3. Tool 10 pamphlet – sign posts

We are scheduled to meet by phone conference on the first Sunday of the month. Our BDA committee is scheduled to meet by phone on the second Sunday of the month. Between our meetings we are assigned to work on specific projects. For example, Spiritual business plan and Spiritual marketing have been assigned to me because of my interest and the request from my Sacramento BDA meeting.

Over all the attendance at the 2014 DA WSC was a privilege and an honor to participate on a world level and have a positive affect on our local BDA and DA members. It is and continues to be all about carrying the message to the debtor that still suffers.
